

## HOW THE LEVY WILL WORK

# NON LEVY-PAYING EMPLOYER

Although you won't be paying into the new Apprenticeship Levy scheme or utilising the digital system to pay for the training until at least 2018, the ways in which Apprenticeships are funded will still change and affect your business.

The government will co-invest in training and assessments, to allow you to utilise the new funding bands available for each Apprenticeship framework and standard.

Make the most of your funds
