Updates

- With the creation of all new scripts and audio, the videos have been fully reworked and the expanded learning sections have been enhanced to increase the focus on practical workplace advice as well as an exploration of the law.
- The range now boasts 10 brand new videos, created by our talented team of content developers, creating a harmonious and unified library which explores workplace equality in a sensitive and informative way
- Each course has a new Knowledge Check, with a brand new bank of questions which reflect the updated learning content.
- The updated courses have a variety of exciting new course components, including engaging, interactive hotspot graphics, tab components and real-world case study examples created with bespoke images.
- Our talented voice artist portfolio has grown, with Zoe recording the latest voiceovers for the catalogue. We opted to introduce a new voice for this suite and we're so pleased we did! The audio for the new videos sounds great and adds some fantastic variety to the library.
